

# Selirong Island Nature Reserve

## Dawn Nature Tour

Early morning light across Brunei Bay, mangrove channels, walkways

**Tour Codes: ITD-MSBB & ITM-MSBB (with breakfast at RBYC)**

### Tour Description:

Your boat leaves early as soon as there is enough light to safely navigate. Speed across the calm water as the sun rises to reach Selirong Island when the natural habitants are active; when you are most likely to encounter the amazing array of wildlife living amongst its tangle of mangroves, vines, palms and trees.

Selirong Forest Recreation Park is preserved solely for outdoor recreation, research and nature education. This mangrove wonderland is a breeding ground for the marine life that populates Brunei Bay. It is also a bird-watcher's delight.

Walk quietly along the 2 km of elevated wooden pathways. Stop to hear and watch the parade of unique mammals, resident and migratory birds, bats, reptiles, fish, crustaceans, and of course proboscis monkeys. You might even see a green turtle or salt water crocodile.

Your guide will highlight features of the island's unique eco-system, and advise where and what to look for as you move along the waterway channels and elevated walkways. As the sun climbs high in the tropical sky, and the animals retreat to find shelter, we follow their example, either returning to Serasa, or linking with other tour programmes to Temburong.

Guest staying for breakfast at Royal Brunei Yacht Club will enjoy a traditional full breakfast in the club's open dining area, overlooking the waters of Brunei Bay and the moored yachts.

### We will provide:

- An open viewing boat with shade canopy
- A guide to describe the scene
- Drinks and water during the boat journeys
- Rain-cape - in case of a morning shower
- Life-jackets (PFD-1) - child sizes available
