Tour Description:

This tour is a short introduction to Temburong, with its unique blend of traditional lifestyles with modern facilities, and the protected rainforest.

Ride a covered water taxi from Bandar Seri Begawan, through a network of narrow channels and rivers, with the opportunity to see mangrove islands and wildlife.

At Bangar town visit the local produce markets before departing by vehicle to the rural areas. Our local guide will outline the traditional practices and features.

Take a short jungle walk along a gently undulating path to feel the atmosphere, listen to the sounds and look for wildlife.

Return to our Bangar restaurant for lunch. Try a variety of local cuisine in air-conditioned comfort.

In the afternoon we visit two longhouses. One is the older traditional type. The other is a modern version that still retains the community oriented lifestyle. Meet some residents, see their homes and culture.

Visit the Agricultural Centre for a gentle walk through this area planted with an array of Brunei's traditional forest fruit trees. Our guide will explain how these are used in cooking and daily use.
