

Ulu Temburong National Park

Rafting, Eco-Activity Day Tour

Tour Description:

This is a mildly adventurous immersion into Borneo's best preserved wilderness rainforest. Ulu Temburong National Park is protected for the benefit of its wildlife, amazing rainforest, scientific research, and low impact visitors. There are no roads; boats and walkways only.

This rafting day tour includes walks, fun river travel, local foods, and spectacular views. Travel by covered water taxi from Bandar Seri Begawan via a network of waterways and mangrove islands to Bangar,

Stop at our air conditioned Guest-house for morning tea, with local cakes, and equipment issue. Then vehicle transfer to Batang Duri.

The journey continues by longboat, upstream through the Temburong River rapids. Notice the changing vegetation, the size of trees, and the narrowing river as you move deeper into the jungle. Watch for Hornbills, butterflies, Proboscis Monkeys, Macaques and other wildlife. See Durian and other local fruiting trees.

At Ulu Temburong National Park, explore along the network of elevated walkways as our guide explains the area. Cross the Suspension Bridge, and climb the 1200 steps to the Canopy Walkway to be above the trees. Continue further upstream in the longboat to a short waterfall walk if time and river level permits. Enjoy a buffet lunch of local specialities beside the river.

Raft downstream, listening to the jungle sounds, paddling and shooting the grade 1 & 2 rapids. The Temburong River is an excellent rafting trip for beginners and families. Afternoon tea and freshen up at our air-cond Guest-house before transfer to Bangar (explore the shops if time allows), and covered water taxi to BSB.

We will provide:

- Lunch, morning & afternoon tea
- Lots to learn, see and do
- Life-jacket (PFD-1) and helmet - child sizes too
- Rain-cape

Optional:

- *Rapid Riders* - Bn\$15 each with helmet and life-jacket (see our Temburong staff)
