

# Ulu Temburong National Park

## Eco-Activity Day Tour

Tour Code: IT1-E2BT

### Tour Description:

This is a mildly adventurous immersion into Borneo's best preserved wilderness rainforest. Ulu Temburong National Park is protected for the benefit of its unique wildlife, amazing rainforest, scientific research and low impact visitors. There are no roads; boats and walkways only.

Our day tour will introduce you to this amazing area with walks, fun river travel, local foods, and spectacular views. Travel by covered water taxi from Bandar via a network of waterways and mangrove islands to Bangar,

See Bangar town and stop at our Guest-house for morning tea, with local cakes; and equipment issue. Then vehicle transfer to Batang Duri.

The journey continues by longboat, upstream through the Temburong River rapids. Notice the changing vegetation, tree size, and the narrowing river as you move deeper into the jungle. Watch for Hornbills, butterflies, Proboscis Monkeys, Macaques and other wildlife. See Durian and other local fruiting trees.

At Ulu Temburong National Park, explore along the network of elevated walkways as our guide explains the area. Cross the Suspension Bridge, and climb the 1200 steps to the Canopy Walkway, to be above the trees. Continue further upstream in the longboat to a short or long waterfall walk if time and river level permits. Enjoy a buffet lunch of local specialities beside the river. Stroll along other walkways, relax, and swim.

Return by longboat (or optional *Rapid Rider*) to Batang Duri. (Optional longhouse visit - Bn\$2 each). Afternoon tea in our air-cond Guest-house. Visit local shops/market.

### We will provide:

- Lunch, morning & afternoon tea
- Lots to learn, see and do
- An experienced guide to describe the area
